Objective
Seeking to leverage my self-taught frontend development skills and passion for web development to secure a position as a frontend developer. Seeking an opportunity to gain practical experience and contribute to the success of a dynamic organization while continuously expanding my knowledge and skill set in the field of frontend development.
my goal is to make a meaningful impact by creating innovative and responsive web interfaces that enhance the digital presence of the organization and provide an exceptional user experience

Education

2023 Mar-End
HarvardX CS50W
CS50's Web Programming with Python and JavaScript

2023 Jen-Mar
W3school
Front-End development

2022 Oct-Dec
SoloLearn
HTML, CSS & Js

Experience

Self Project
Ecommerce Website
As a frontend developer, I collaborated closely with the design team to create visually appealing and user-friendly web pages. During the time spent working on the ecommerce website, I was responsible for implementing responsive designs using HTML, CSS, and JavaScript. I also worked with various frontend frameworks, such as React, to enhance the website's interactivity and performance.

Key Skills
HTML5
CSS
JavaScript
React
PHP
PYTHON
Git
GitHub

Communication
I've developed expertise in HTML, CSS, JavaScript, and various frontend frameworks. I thrive in a fast-paced and collaborative environment and enjoy using my creativity and technical skills to solve complex problems and develop user-friendly interfaces.
